## What will Eurodigimeet offer you?

The French business cluster Cap Digital, the Paris Chamber of Commerce, and the Enterprise Europe Network, want to help you identify and meet the right business and technology partners in Paris.

### Digital Marketplace: Creating more digital business in Europe

- **Bringing together technology and content/media development organisations.**
- Matching European digital players' business and technology needs, particularly with SMEs, and helping them develop a stronger competitive edge.

### European Project Development: Developing innovation in Europe

- Stimulating scientific, industrial, and technical cooperation between European companies, and SMEs in particular.
- Promoting the exchange of best practices, and knowledge and technology transfers on a European level.

## What will you do?

- **Meet and talk with hundreds of French and European organisations, also looking for international partnerships.**
- **Identify European innovative projects where you can contribute your expertise and increase your international development.**
- **Present your company to more than 100 potential partners.**
